

XXXV CHILEAN CONGRESS OF NEPHROLOGY, HYPERTENSION AND TRANSPLANTATION

17 TO 20 OCTOBER 2018. HOTEL ENJOY PUCÓN.

Executive Secretary: Alvaro Ríos

Wednesday 17

PRE-CONGRESS COURSE: CRITICAL CARE NEPHROLOGY AND ACUTE RENAL INJURY

14:00-14:30	Is it possible to prevent acute renal injury in the ICU? (John Kellum, MD)
14:30-15:00	Kidney stress test in acute kidney injury. (Lakhmir Chawla, MD)
15:00-15:30	Resuscitation in the ICU: Fluids are drugs! (John Kellum, MD)

- 15:30-16:00 → COFFE BREAK

16:00-16:30	Why does sepsis cause acute kidney injury? (John Kellum, MD)
16:30-17:00	Prediction of recovery in acute renal injury, can we anticipate the prognosis and risk of CKD? (Lakhmir Chawla, MD)
17:00-17:30	Molecular mechanisms in the transition from AKI to chronic kidney disease. (J. Barrera-Chimal, PhD)
17:30-17:45	Questions and discussion

- 17:45 -18:00 → Opening speech.
- 19:00 -20:00 → Cultural act to be defined.
- 20:00 -22:00 → Welcome cocktail.

Thursday 18

1st BLOCK: PREVENTION OF CKD, NUTRITIONAL CARE AND HYPERTENSION

- 07:00 - 07:45 → **Scientific breakfasts:** Clinical experiences in AKI and RRT, how to prescribe?
 - 1.- AKI and RRT in the patient with liver failure (María Eugenia Sanhueza, MD)
 - 2.- AKI and RRT post cardiac surgery (Eric Roessler, MD).

Ballroom X		Ballroom Y	
Nutritional strategies in CKD <i>Moderators:</i>		Module of clinical data records <i>Moderators:</i>	
8:00-8:25	Acid load in western diet and development of CKD and HT (Lucia Del Vecchio, MD)	8:00-8:25	Chilean hemodialysis registry (Hugo Poblete, MD).
8:25-8:50	Nutritional care in the CKD stage 4-5 (Pamela Hermosilla, CN)	8:25-8:50	Peritoneal dialysis registry (Mireya Ortiz, MD).
8:50-9:15	Physical exercise and prevention of protein calorie wasting in CKD (Francisca Peña, CN)	8:50-9:15	Chilean transplant registry (Jose Luis Rojas, MD)
9:15-9:40	We can modulate inflammation with nutritional therapy in CKD? (Lucia Del Vecchio, MD)	9:15-9:40	Chilean registry of pediatric nephrology (Pilar Hevia, MD)
9:40-9:50	Questions and discussion		

- 10:10-10:40 → **PLENARY 1: Sodium intake and the development of hypertension and CKD (Dra. Del Vecchio)**
- 10:40 – 11:10 → Coffe break.
- 11:10 – 12:45 → ORAL PRESENTATIONS SESSION.
- 12:45 – 13:45 → Break.

- 14:00 – 14:45 → **PLENARY 2: Inflammation, aging and vascular rigidity in hypertension (Raymond Townsend, MD)**

Salón X		Salón Y	
News in arterial hypertension <i>Moderators:</i>		Public Health Strategies in the Prevention of Kidney Diseases <i>Moderators:</i>	
15:00 – 15:25	Analysis of new AHA HT guideline and their impact on our reality (Emilio Roessler, MD)	15:00 – 15:25	SOCHINEF strategies in CKD prevention. (Carlos Zuñiga, MD)
15:25 – 15:50	Pulse wave analysis in the treatment of arterial HT: clinical application. (Raymond Townsend, MD)	15:25 – 15:50	Epidemiology of the CKD in Chile (Sebastian Cabrera, MD)
15:50 – 16:15	Importance of detection and management of orthostatism in the treatment of HT (Eduardo Lorca, MD)	15:40 – 16:15	Community perspective of nephrological activity (Edgar Pais, MD)
16:15 – 16:40	Renal denervation for refractory hypertension: has a current role? (Raymond Townsend, MD)	16:15 – 16:40	How to improve the control of hypertension with public policies (Melanie Paccot, MD)
16:40 – 16:50	Questions and discussion		

- 16:50 – 17:20 → Coffe break.
- 17:20 – 17:50 → **PLENARY 3: AKI and CKD, the interaction between two syndromes (Lakhmir Chawla, MD).**

2nd BLOCK: PRIMARY GLOMERULOPATHIES AND SYSTEMIC DISEASES

Ballroom X		Ballroom Y	
Glomerular Diseases I <i>Moderators:</i>		Glomerular Diseases in Pediatrics <i>Moderators:</i>	
18:00 -18:25	Disease mechanisms: From glomerular injury to fibrosis (Jürgen Floege, MD)	18:00 -18:30	Dyslipidemia in nephrotic syndrome (William Smoyer, MD)
18:25 -18:50	Pathophysiology of ANCA-associated vasculitis (Fernando Gonzalez, MD)	18:30 – 19:00	New therapies for SLE in childhood. (Paula Lehman, MD)
18:50 -19:15	News in the treatment of AL amyloidosis. (Camila Peña, MD)	19:00 – 19:30	Thromboembolic complications in the nephrotic syndrome (William Smoyer, MD)
19:15 -19:40	Clinical approach to membrano-proliferative glomerulonephritis (Jürgen Floege, MD)	19:30 – 19:50	Discussion
19:40-19:50	Questions		

SATELLITE BLOCK: 18:00 – 19:50 Nursing topics 1

Room	Acute hemodialysis and CRRT <i>Moderators:</i>
18:00 – 18:25	See topics with SENFERDIALT
18:25 – 18:50	See topics with SENFERDIALT
18:50 – 19:15	See topics with SENFERDIALT
19:15 – 19:40	See topics with SENFERDIALT
19:40 – 19:50	Questions and discussion

Friday 19

- 07:00 - 07:45 → **Scientific breakfasts:** Clinical experiences: How to treat?
 - 1.- Recurrent Minimal Change Disease (Enrique Reynolds, MD)
 - 2.- Monoclonal gammopathy associated PGN (Camila Peña, MD)

Plenary room X	
Plenary Module: Glomerular Diseases II	
Moderators:	
08:00 – 08:30	Advances in the pathophysiology of IgA nephropathy (Jürgen Floege, MD)
08:30 – 09:00	Infection related GN: vision of the nephrologist (Gonzalo Mendez, MD)
09:00 – 09:30	Role of albumin in glomerular damage (William Smoyer, MD)
09:30 – 10:00	What is optimal treatment of IgA nephropathy? (Jürgen Floege, MD)
10:00 – 10:15	Questions and discussion

SATELLITE BLOCK: 8:00 – 9:50 Nursing topics 2 Peritoneal Dialysis

Room Y	Peritoneal Dialysis Moderators:
08:00 – 08:25	See topics with SENFERDIALT
08:25 – 08:50	See topics with SENFERDIALT
08:50 – 09:15	See topics with SENFERDIALT
09:15 – 09:40	See topics with SENFERDIALT
09:40 – 09:50	PREGUNTAS

- 10:15 – 10:45 → COFFEE BREAK
- 10:45 – 12:15 → POSTER PRESENTATIONS SESSION.
- 12:15 - 13:00 → **PLENARY 4: Mineralocorticoid receptor antagonism as a strategy to prevent ischemic AKI (J. Barrera-Chimal, MD)**
- 13:00 – 14:15 → Break.

3rd BLOCK: RENAL REPLACEMENT THERAPIES

Ballroom X		Ballroom X	
News in Kidney Transplant <i>Moderators:</i>		Hemodialysis Advances <i>Moderators:</i>	
14:15 – 14:40	Can we prevent antibody mediated chronic rejection? (Adnan Sharif, MD)	14:15 – 14:40	Convective transport, on line hemodiafiltration (Maduell?)
14:40 – 15:05	Importance of DGF in graft survival can we improve the results? (Jacqueline Pefaur, MD)	14:40 – 15:05	Mechanisms of hypertension in the patient in chronic hemodialysis (Rodrigo Tagle, MD)
15:05 – 15:30	Immunosuppression with Belatacept: Use in real life. (Nassim Kamar, MD)	15:05 – 15:30	Algorithms for the treatment of secondary hyperparathyroidism with the new GES basket (Aguiles Jara, MD)
15:30 – 15:55	Monitoring and treatment of BK virus infection (Adnan Sharif, MD)	15:30 – 15:55	HD adequacy (Maduell) or new ESA (Fernando Gonzalez)
15:55 – 16:30	PREGUNTAS		

- 16:10 - 16:40 → Coffe break.

Ballroom X		Ballroom X	
Peritoneal Dialysis Advances <i>Moderators:</i>		New challenges for Chilean Nephrology <i>Moderators:</i>	
16:40 – 17:05	Advantages of peritoneal dialysis as a starting modality in the uremic patient (Antonio Saffie, MD)	16:40 – 17:05	Ethics and palliative care in nephrology (Antonio Vukusich, MD)
17:05 – 17:30	How to increase the population of patients on peritoneal dialysis? (Manuel Espinoza, MD)	17:05 – 17:30	Incremental dialysis: Chilean vision (Carlos Zuñiga, MD)
17:30 – 17:55	Indication of Biocompatible Solutions in DP (Patricia Díaz, MD)	17:30 – 17:55	Transplant alternatives in the hypersensitized patient (Camilo Ulloa, MD)
17:55 – 18:10	Discussion and questions		

- 18:10-19:00 → Chilean Nephrology Society Assembly meeting
- 21:00 → Closing dinner

Saturday 20

CLOSURE BLOCK:

09:00 – 09:45	PLENARY 5: Looking to the future in transplant ... cardiovascular disease in kidney transplant (Adnan Sharif, MD).
09:45 – 10:30	PLENARY 6: Looking to the future in transplant ... transplant in patients with HIV and HCV infection (Nassim Kamar, MD).
10:30 – 11:00	Coffe break
11:00 – 11:45	Tribute to Dr. Ronald Wainstein (Juan Carlos Flores, MD)
11:45 – 12:00	Award of prizes to research works
12:00 – 12:45	Dr. Eduardo Katz Conference (Susana Elgueta, MD) Presents: Jaqueline Pefaur, MD
12:45– 13:00	CLOSURE
